OBJECTIVE

- ★ Aspiring Information Systems Software Development graduate seeking opportunities to apply technical skills gained through coursework and hands-on projects in a dynamic work environment.

COURSE WORK

- ★ Computer Literacy
- ★ Personal Skills
- ★ Processing and logic Concepts
- ★ Program Design
- ★ IT Fundamentals
- ★ Software Engineering
- ★ Database design Concepts
- ★ Database Management (SQL Server)
- ★ Basic C# Programming
- ★ Advanced C# Programming
- ★ Basic Java Programming (elective)
- ★ Linux Operating System

EDUCATION

Eduvos, Cape Town Claremont, Western Cape
Higher Certificate in Information Systems software development
Eduvos, Cape Town Claremont, Western Cape

EXTRACURRICULAR ACTIVITIES

As a student, I volunteered at Beautiful Gateway to give back to the community. Volunteering teaches me leadership skills, teamwork and patience.

EXPERIENCE

IT Projects

- ★ Worked on projects involving databases, including creating a game with C# and developing a website using C#.
- ★ Proficient in coding with Python, SQL, C#, and Java, with hands-on experience in MySQL.

Internships

- ★ Completed a SQL internship at InternCareer, gaining practical experience in database management and SQL.
